## President's Message

Hoping each of you has already begun an absolutely marvelous new Year, and that it continues to get better and better; in fact let's set that as our intention for this five year (numerologically) – fabulous fun, frolic, adventure and change. This is also the year that intuition will have a large part to play in our genealogical research; are you ready?

It has been my pleasure to be serving as your president, and I plan to do a better job in that capacity; we have had many upheavals on the Board of Directors, mostly due to illness, so don't be surprised if you hear from me soon, probably by telephone, as we are in need of a newsletter editor (being currently capably handled by Hazel Rasar and Shirlee Fisher), a telephone chairperson (to coordinate the people calling members to remind them of the coming meetings), and an education chairperson (to coordinate classes and research trips). If any of these contributions to our society sound like fun to you please let me know, so we can talk further. We would love to have you on board....

A big thank you to each of you for your contributions to our society in 2002; each of the acts you did, and you for the fact that you did them, are so wonderful, and that gift of yourself is greatly appreciated and acknowledged. Now let's have a SUPER 2003.

Hugs and smiles  
Laura Pemberton Sparr

## Salt Lake City Trip—2003

Hi there!

Wanna go to Salt Lake City with our gang of Serious Senior Sitazens who are Silently Slinking Southeast to Search for Ancestors?

Our plan is to leave from SeaTac on a non-stop Delta flight at 11:00am, Sunday, 23 March 2003, arriving in Salt Lake City at 12:15pm. Airfare is \$168.00 for the round trip. The trip home on 30 Jan is at a decent hour. Longer/shorter stay can be arranged.

As usual, we will stay at the Carlton Hotel. Their weekly rates are; Single room = \$379.56 Double room = \$212.44 for each person. (total \$424.88) Three to a room = \$156.73 for each person. (total \$470.20) Four to a room = \$128.88 for each person. (total \$515.52) The Carlton provides courtesy runs to/from airport, and three times daily to/from the Library. They also provide a free full breakfast daily.

You have to arrange to get to SeaTac, but the Bellingham Airporter c h a r g e s \$41.00 round trip from Mount Vernon (Cotton Tree Inn where you can park free) to SeaTac. From Oak Harbor or Anacortes, I'm pretty sure the cost is \$52.00. If interested, call or Email me for more data: 360-675-9774 or [ceclague@whidbey.net](mailto:ceclague@whidbey.net). I will need to know who, or how many folks you wish to room with, how to contact you, and any special needs.

Charlie Clague

Happy  
New Year!

of Luck to  
all genealo-

### Why Did You Become a Genealogist?

Please! We would like your input. Write a short essay telling us what inspired you to become a family historian and the benefits you find as a member of our society. Submit your responses to our society address in care of the newsletter or bring it to a society meeting. Wouldn't you be interested in how others respond?

## Don't Waste Your Library Time

"When visiting an 'away-from-home' library, you never have enough time to finish your research. After finding information about one of your ancestors, never take time to totally read through all the ancestor's information. Instead, photocopy the relevant pages for casual review later at home.

"Also, copy the title page of the book or the volume, issue and year as well as the name of the library and call number of the source of your newly found information. This way, if you should find later that you need to copy additional pages, you know where to find the original if you can't find it elsewhere." **Reprinted from Family Tree Magazine Email Update, January 24, 2002**

## Volunteers Needed

\*\*\*\*\*

**Newsletter Editor** Board Position  
**Education Chairperson** Board Position

Your help is needed to fill these empty seats on the governing board of your society. Please help us out. Also, remember that our board meetings are open to the public and all members, so come join us the first Tuesday of each month at Washington Federal in Burlington at 10 a.m.

## Preserve Your Paper Records

There is now a spray called "Archival Mist" made by Col-lage which can be sprayed on paper to make it acid free. It will not effect the ink, colors or adhesives and even works on newspaper clippings and scrapbooks.

It has been proven by libraries and archives to prolong paper at least five times its normal life. You can get further information by calling 1-800-926-5524.

## Family History Library Catalog

If you have been using the FHL Catalog CD at home instead of the online version, be aware that the one at <http://www.familysearch.org> was updated on October 12, and is now more current than the CD. The new search engine is easier to use also. The Family Search site was updated at the same time.

## 1910 Census Project

Do you remember when WSGS asked our society to assist with the 1910 project? Several members of this society helped this project by transcribing that census. Those of us who helped, can attest to the long hours and terrible eye strain from staring at poor photocopies and worse microfilm.

That project is now being placed on the Internet as the different counties are completed. Skagit County has been done for some time and is now online. This is a searchable database by soundex or surname using the edit function of your browser. Visit the Washington State GenWeb pages to see if you can locate your relatives. Not all counties are complete. <<http://www.rootsweb.com/~wagenweb/1910/index.html>

## Territorial Census'

The Washington State Secretary of State Office has developed a webpage for the Washington State Sesquicentennial SVGS will be donating a copy of our databases for the 1885, 1887 and 1889 Territorial Censuses for Skagit County. These may be viewed online at a future date at: <<http://www.secstatewa.gov/history>>

Select the category **Records Search.**

## Be a Part of 150 Years of Washington's History

By State Archivist Jerry Handfield

In recognition of the March 2, 2003 anniversary of Washington Territory, the Washington State Archives is pursuing two projects to help preserve and disseminate Washington's territorial history throughout the state.

For one project, Archives would like to coordinate volunteers to make the Washington Territorial Censuses available online for a surname index search. Volunteers may work from home to input census data into a database created by the Office of Secretary of State. Passwords, instructions and transcribed copies of the censuses will be provided to those interested.

Also, the Archives is creating a Speaker's Bureau list related to territorial history. The list would consist of people knowledgeable about Washington's Territorial history and be made available to museums, libraries, schools, historical societies, or other organizations that would be interested in hosting a speaker. Our public list of speakers will contain only the name of the speaker, the topic(s), and telephone number or email address.

I encourage anyone who is interested in preserving and passing history onto the next generation to be a part of these important projects. If you are interested in these projects, please send us the following information either electronically or by mail.

## Researching in Virginia?

The following is an example of our changing boundaries in this country that has continued until today. In doing our research, we need to be aware of these situations. **Are You Looking In The Right Place?** From the *Carolina Herald and Newsletter, Vol. XXX, No. 2, April, May June, 2002. Thanks to Bell County Genealogist, P O Box 851, Killeen, TX 76540-0851*

From 1728 to as late as 1863, a person born or living in Virginia could have been in:

- \* Any part of Illinois from 1781 to Statehood in 1818
- \* Any part of Indiana from 1787 to Statehood in 1816
- \* Any part of Kentucky from 1775 to Statehood in 1792
- \* Any part of Maryland from 1775 to Statehood in 1792
- \* Any part of North Carolina from 1728 to 1779
- \* Any part of Ohio from 1778 to Statehood in 1803
- \* Any part of Pennsylvania from 1752 to 1786
- \* Any part of Tennessee from 1760 to 1803
- \* any part of West Virginia from 1769 to possibly as late as 1863

## Minnesota Historical Society puts Death Certificates on-line

The Minnesota Historical Society has posted an on-line index to death certificates for the years 1908-1946. The index provides the name of the deceased, certificate number, date of death, and county of death. There are also fields available for date of birth, place of birth, and mother's maiden name.

Once the entry is located, you can order a copy of the death certificate by just clicking on "Add to order". A printable copy of the order form will be created which includes the entry (or entries) that you have selected. The customized order form can be sent, with a check for the requested amount (\$8 per certificate), to the historical society. Go to < <http://people.mnhs.org/dci/> > .

## Births and Deaths on the High Seas

When a birth or death occurs on the high seas, whether on an aircraft or on a ship, the determination of where the records is filed is decided in terms of the direction in which the craft was headed at the time of the event.

If the craft was outbound or docked at a foreign post, requests for copies of the record should be made to the U.S. Department of State, Washington, D.C. 20520.

If the craft was inbound and the port of entry was in the U.S., write to the registration offices in the city where the craft landed in the U.S.

If the craft was of U.S. Registry, contact the U.S. Coast Guard at the port of entry.

## Thank You, Dollie ! !

For several years, Dollie Marquart has been folding, labeling, stamping and mailing our newsletters. She has recently relocated to Fort Smith, Arkansas to be near her family. We will miss her greatly, and want to thank her for the many hours she has donated to our society. Much appreciated.

## Researching Missouri?

The Missouri State Archives includes documents relating to French and Spanish colonial rule, the New Madrid earthquakes, Supreme Court case files, the Civil War, Frank and Jesse James and Harry S. Truman.

A new database of WWI Service Cards has been placed on-line and is easily searchable. Check it out at <http://www.sos.state.mo.us/archives>

## Interested in Settlement Patterns?

If your ancestors settled in Kentucky just after the Revolutionary War, they may have boundary lands from Virginia. Those who settled in Tennessee generally served from North Carolina, if your forebearers settled in Arkansas, Missouri or Illinois between 1816-1817 and initially held 80 or 160 acres, quite likely they served in the War of 1812. *Reprinted from the Odum Family Tree, Oct/Nov 2002, Moultrie, GA*

## Tennessee Confederate Pension Applications

The Tennessee Confederate Pension Applications for Soldiers and Widows is now online at < <http://www.state.tn.us.sos.statelib/pubsvs/pension.htm> >.

This index includes the soldier's name and pension number. If the widow is filing, her name, the pension number and county are given. If the soldier, his unit is given. The details on how to order the application from the Tennessee State Library are also included.

## New IGI at LDS Website

For some there may be a learning curve, since the new IGI will not be available on compact disk, so patrons will be forced to use the Internet site, whether they want to or not.

There is not going to be retrospective lineage linking of data in the new IGI. Basically, if data gets submitted that is already lineage-linked then it will continue to be lineage linked in the new IGI. There will be additional events shown for some of the entries that are in the old IGI. For example, many christening entries that were extracted from church records also have birth dates and/or burial dates, and, when those dates were captured, they will now be shown.

In the past, you had to go to the parish printout to see those additional facts.

For many, the most exciting change will be the fact that data will now be updated frequently, possibly monthly, instead of every 2 to 3 years, as it was in the past. For a list of additional changes go to this page :

## Washington State Death Index

If you have access via a subscription to Ancestry.com, The Washington Death Index 1940-1996 can be searched online. Access is found under the Birth, Marriage, & Death database listing . If you don't have a subscription, perhaps someone you know does, and would look up some information for you.

## *Society Donations by Deceased Members*

Bob McMullen recently donated genealogical material belonging to his wife and former member, Genevieve. Our Thank You to the McMullen family.

Over the past several years members of our society who have passed on, have left their genealogical research and reference materials, as well as family data to our society. Each of these people has contributed to the materials located in our library. When items have been a duplication to something we already have in our library, we have taken great strides to make certain that the information is preserved or passed on to others with the same surnames and geographical locations. Some of these duplicate items have appeared at our yearly book sale at a greatly reduced price to anyone interested in that material.

Your society board would like to encourage each of our members and other friends of the society to make a copy of your genealogical material. Donate it to our library either in typed form or by CD. We will store that material and share with others the valuable information that you have spent so many hours collecting. Any resource or reference material would be a great addition to our library and expand the materials for many different regions, not only of the United States but also of other countries around the world.

Below you will find an excellent codicil for your will or personal papers. It will inform your family or representative of your desire to have your genealogical information preserved for future generations.

### *A Genealogical Codicil to My Last Will and Testament*

To my spouse, children or guardian:

Upon my demise it is requested that you DO NOT dispose of any or all of my Genealogical records, books, files, notebooks or computer programs for a period of two years.

During this time period, please attempt to identify one or more persons who would be willing to take custody of the said materials and the responsibility of maintaining and continuing the family histories.

In the event you do not find anyone to accept these materials, please contact the various genealogical organizations that I have been a member of and determine if they will accept some parts or all of my genealogical materials.

Please remember that my genealogy endeavors consumed a great deal of time, travel and money. Therefore, please do not ignore my requests.
