## President's Message

Let's remember to support our local genealogical society's general meeting later this month.

This is the one time when our membership gets to have a true voice in what happens in the day-to-day work of the society. Vote for your officers, meet the chair people of the various committee and help establish a budget, have a great time visiting with fellow genealogists.

Remember, also, how important it is to join other societies in the areas in which your ancestor's lived. You can get membership benefits as well as writing queries to reach other descendants. Writing a letter to that local newspaper can also have results.

We should be using the internet but not to the exclusion of the more paper-driven sources.

**Good Hunting!**

*Laura*

## Looking for Volunteers!

The **Burlington Public Library** recently received a federal Preservation Grant to fund their Local Newspaper Preservation Project: Patching Together Burlington's Past. The goal of the project is to lengthen the lifespan of the library's holdings of historical newspapers. The grant covers preservation materials and consultation with a professional conservator. The current local Burlington newspaper, *The Argus*, began publication over one hundred years ago as *The Tribune*. With just a few missing years, the library's collection spans the years 1900 through the present. Issues are available either as hardcopies of the actual papers or on microfilm. A listing of the library's local newspaper holdings is available on the library website at <http://www.burlington.lib.wa.us/docs/journal.pdf>.

As a first step in the preservation process, the library staff met with a local paper conservator who helped us to begin a collection assessment. This assessment entails going through the entire historical newspaper collection, assessing each issue for condition and special preservation needs. This will be a huge process, but a necessary step that will help us determine how best to preserve and store these valuable documents to ensure that they are available for future generations of researchers.

The library is looking for volunteers who would be able to help with the collection assessment process. If you have a few free hours to help with the project it would be greatly appreciated and in return you'd have the fun of looking through these historical newspapers. Please contact Christine Perkins at the Burlington Library, 360-755-0760, to volunteer or to get more information.

One of my families is named McPhee. Well, that name is corrupted to McFee, McAfee, McAtee, McAffee and several other variations. The strangest one I found -- ever -- though was when Sarah Starr married Thomas Maggotty. The lesson being, don't count on a significant spelling. Think outside the box.

Message from  
Joan the Librarian

The Burlington City Council has authorized a new library to be built on the corner of Washington and Holly very close to the current location. This is great news for our SVGS Library! We have had input on what the Society would like to see for the genealogy section and are currently corresponding with the City Council on our needs. Do you have ideas on what you would like to see happen for our research library? Please let me know by phone or email so your input can be given to the architects.

The Society Library has much to be thankful for, the above paragraph to begin with. Our members continue to give books and other useful items for our collection. A very large donation has come from Janet Armbrust who has recently moved from Skagit Valley. Other April donations have arrived from Darlene Libbey and Hazel Rasar and we do thank you all for your generosity.

There will be items to be given away at the May meeting. However, in June the annual book sale will be available to our members, so bring your pocketbooks. Many useful items will be available for purchase at bargain prices. Come early for the best selection! If there are any books left over they will be listed in a subsequent newsletter.

There are some special books from the Armbrust collection written in German that need special mention. These will be for sale. (I am not able to put the two dots over some of the vowels) If anyone is interested please contact me and I can give you more of a description.

For those members using the surname listings that are located on top of the file cabinets, you need to note there is a new folder that contains the code along with names and addresses for locating the participants. This is located in the drawer under the surname files with the listing "Surnames" Thanks go to Lorraine Rotherbuhler for making this available.

A big thank you to those library volunteers who have signed up for the remainder of May and June. They are as follows: May 16 - Iona Raney (May 30 library closed) June 6 - Vonda Anderson June 13 - Hazel Rasar June 20 - Linda Ream June 27 -Lorraine Rothenbuhler.

The summer months are coming and this is the time when many folks come from other areas to do research in Skagit County. The sign up sheet will be available at the meetings for you to do your part in bringing information to our visitors on Monday mornings at the SVGS Library.

This Newsletter is published by the Members of SKAGIT VALLEY GENEALOGICAL SOCIETY and is distributed free of charge to members. A non-profit organization, membership is open to all persons interested in historical research, preservation and publications of genealogical interest.
