

President's Message

Now that was quick! What happened to 2016? Here we are face to face with2017.

I know our board has been busy during 2016. We held a mini-retreat in late January to re-group and strengthen our society. Our 2017 seminar planning moved forward step by step, month by month. We received a grant from the City of Burlington's Lodging Tax Fund 2017 which allowed us to expand our normal one day event to three days. As we prepare for our April 21-23 seminar, we'll be looking for assistance so volunteer to help where you can.

Also in 2016 we offered beginner genealogy classes during the month of October. Besides teaching these classes, outside speaking gigs by George Ridgeway and Barbara Johnson have kept them busy. Excellent programs throughout the year at our monthly membership meetings have kept us educated with more to come. Thank you, Margie Wilson! Through our education classes and programs we are gaining new members.

All through 2016 our library volunteers and our Genealogist Diane Partington have worked with the public to educate and assist them in their genealogy research. All phases of our society's educational program are important for enhancing our mutual interest in genealogy. I give a special "Thank you" to all of our officers, board members and volunteers who keep our society moving forward. Let's keep it fun and continue to grow.

Friday evening includes a reception and keynote address by Dave Obee a well-known genealogist from Victoria, Canada. On Saturday our Genealogy Seminar features two speakers Dave Obee and Mary Kathryn Kozy, a popular genealogist from Kent, WA. Our weekend concludes on Sunday with a Historical Walking Tour of downtown Burlington. Watch for more detailed information on this seminar weekend.

Hope you enjoyed your Christmas holidays and survived an early peek of winter. Our board wishes you all a bright and shiny 2017!

Library Report

Every now and then I come across a book that I just need to rave about. I've always been a bibliophile but taking up the hobby of genealogy has really exposed me to some very fine authors and print materials. Since SVGS is going to be hosting a seminar this spring on the theme "O Canada! Children of a Common Mother," I purchased for the SVGS collection a sorely needed resource book on the subject of French-Canadian Sources. In fact, that's the title of the book, *French-Canadian Sources: A Guide for Genealogists* compiled by several authors from the French-Canadian/Acadian Genealogists of Wisconsin.

The hardbound book is attractive, well organized and the material spot-on helpful. One aspect I appreciate is the inclusive of an image of a handwritten vital record, that is in French, but below the photograph of the document the author's wisely include the original French text and a side-by-side English translation. Oh, if all my German and Polish documents could be so nicely presented with a translation, now that would make life a whole lot easier.

And that's not all, the book has Appendices from A-H. Covering a dictionary of key French words for genealogists, addresses for libraries and archives in Canada, Charts of Canadian Census records, time lines, a bit of history...its incredibly comprehensive. Makes me wish I had some French-Canadian ancestors so I can regularly browse through its pages.

So, come visit the SVGS collection at the Burlington Library. The book is in the "Other Countries" section, in the Canada books area. You'll be delighted with the books helpful guidance.

Also, thanks to Carol Nersten for her donation of a book on the history of Clear Lake, Sharon Johnson for her donation of a British book on *Tracing Your Ancestors at the Public Records Office*, and to Dan Royal for his donation of two family history books on the "Bumpus", and "Thorp" families.

Remember, the 1st Saturday of the month (except holiday weekends such as July 4 and Labor Day), there is a genealogy volunteer stationed at the Burlington Library in the SVGS book section. Bring your questions and data and the volunteers will orient you to the collection and be of assistance.

For those of you who enjoy making New Year's Resolutions, here's one for you....include a regular visit to the SVGS collection to see what materials there may further your research. Good luck!

Murphy's Law

You finally find the wedding record for gggrandfather only to discover he married Mary SMITH whose father was John SMITH and mother was Mary JONES!

You have finally found the information you needed to solve the family mystery you have been working on for 2 years and your elderly aunt says "I could have told you that!"

You learn there is a county history on microfilm of the county your ancestors originated. It has 16000 pages and is not indexed.

Dear Sam: Yes, Run for public office!

Genealogy begins as an interest,
Becomes a hobby;
Continues as an avocation,
Takes over as an obsession,
And in its last stages,
Is an incurable disease.
